Wire, Wire, Wire. Four Star Wire & Cable distributes most major brands of wire and cable. This allows us to satisfy any requirement that you may have to complete your project.

Unmatched Inventory. Our inventory is second to none. Four Star Wire and Cable stocks millions of feet of cable in our warehouses which allows us to deliver quickly and efficiently. Our orders are processed and shipped the same day.

Custom Cutting and Packaging Options. Allow Four Star Wire & Cable to fulfill your company's needs. After all, your unique business needs require a unique business approach.

Custom Dyeing & Striping. We can custom dye or stripe your wire to take the guesswork out of your installations. This process is done right here in our facility and is done to *your* specifications and needs.

Custom Laser Etching/Cutting. Our in-house custom laser and cutting service allows us the capabilities to create custom-cut and imprinted metal plates of any type for your installation and mobile projects.

Your Connection Connection. A full line of compression fittings, metal casings and bushings are in stock and available for all of your connection needs.

Custom Assemblies. All assemblies are made right here in our facility. This allows us to create and construct all of your custom audio, video and data assemblies and deliver them to you quickly and correctly.

Tools, Testers and Ties. Four Star Wire & Cable stocks a complete line of all the tools of the trade and a variety of other peripheral products to make us your one stop for all of your needs.

Same Day Shipping. Because your order is important to you, and to us, Four Star Wire & Cable uses a state-of-the-art operating system that allows us to ship your order quickly and track it to verify that it reaches its destination.

Four Star Wire & Cable established its business knowing that it's not just wire, it's service. Our unparalleled service, matched with our extensive inventory, goes way beyond the everyday as we set our own standards based on the "Customer First" philosophy. This customer focused reputation in the industry is growing with each passing year and we would like to invite you to be a part of it.

MISSION STATEMENT

To provide a service standard
that is unmatched in the industry
and to continually improve our processes
to maintain our "Customer First" philosophy
with pride and integrity.

"Our accomplishments of yesterday will become our challenges today. We will strive each day to maintain our customer's loyalty and respect."
